

Biology I

Evidence of Change

Practice Sheet

Complete the flowchart about fossils. These terms may be used more than once: age, fossils, minerals, organisms, radioactive isotopes, radiometric dating, relative dating, rock layers, sediment.

Identify three types of materials in which fossils are found.

1. _____

2. _____

3. _____

Complete the graphic organizer by writing a fossil type and a description in each square. Use these choices:

detailed mineral replicas

impression of an organism, can be filled with minerals

mummified or frozen remains

petrified or permineralized

trace fossils

footprints, burrows, fossilized feces

molds and casts

original material

replacement

wood pores filled with minerals
